

PORTOFINO

— DRY GIN —

Inspired by its enchanting elegance, we seek to spread the effortless beauty and hidden charm of Portofino around the world, one sip at a time.

Portofino Dry Gin features 21 ingredients carefully selected for their intense aromatic properties. Juniper, lemon, lavender, rosemary, marjoram, sage, iris, roses – together with other local delicacies – are handpicked in our botanical sanctuary on the hills of Portofino, after being ripened thanks to the influence of the fresh sea breeze and the warm sun of the Riviera.

TASTING JOURNEY

Portofino Dry Gin's initial notes are from fresh lemon and crisp juniper that transport us to the hills of Portofino. They give way to a universe of Mediterranean flavors: from the rosemary and lavender perfumes of the coastal scrub to the sweet and delicate notes of marjoram and sage that evoke the taste of traditional Ligurian cuisine.

PERFECT SERVE

Portofino and Tonic

For an immersive Mediterranean experience, we recommend serving Portofino Dry Gin with plenty of ice, a fresh lemon peel and a premium neutral tonic water. Garnish with a sprig of lavender to bring out the essence of the Riviera.

SPECIFICATIONS

Distilled and bottled in Italy
Gluten-free, no added sugar
Distilled from Italian wheat
Alc. Vol: 43%.
SKUs: 100ml / 500ml / 5L
