*notes:* *The Beginning of Memory* is a an ancestral style pear cider made according to the shifts in the season. A duet of our early apples and pears are cured, ground and fermented on skins, then pressed and combined with our winter apple harvest in order to seed a second fermentation in bottle. The native sugars and wild yeasts found in our homefarm orchard produce a unique *methode champenoise* that harnesses the flavors of our alpine landscape. Fruity, minerally, and very elegant this *poiré* is excellent with cured and smoked meats or fishes, oysters, caviar, or a roast chicken or pork.
